Dear Mr. Beck:

On behalf of the City of Hope, I want to express my thanks for your lending your name to the testimonial dinner in your honor on Thursday, November 12, 1953, at the Ambassador Hotel. I hope that you found this dinner to be the outstanding success that we at the City of Hope thought it was, and that you were pleased with the results.

Our thanks also go to John M. Annand, Thomas L. Pitts, and the local union officers of Teamsters' Joint Council No. 42, who worked so hard to make this dinner the notable event that it was. This affair demonstrated to the community as a whole, as well as to organized labor, the Teamsters' International Union feeling about the City of Hope, and pointed up your Union's interest in the health and welfare of its members.

I trust you found everything pertaining to this dinner to be in keeping with the high ideals of your International Union. It is only through the efforts and understanding of leaders like yourself that this medical center can continue to expand and grow, so that we may offer additional services to humanity.

The Board of Directors at the City of Hope were inspired by your great interest in our haven of healing and in learning of your projected plans for even greater participation in furthering the work at our national medical center. Let us hope that as we work together in building a greater City of Hope, we can achieve a common goal upon which, I am sure, we are in agreement, namely the eradication of such diseases as cancer and tuberculosis. We are certain that the Teamsters' International Cancer Research Foundation will be the vehicle through which we can accomplish this goal.

Dear Sir and Brother:

May I add my personal thanks to those expressed by Victor Carter in his letter to you, on the occasion of your being our guest of honor at the testimonial dinner Thursday evening, November 12, 1953.

I want to thank you also for your kind invitation to appear before your General Executive Board meeting in February. At that time I will have, as you requested, a brochure in proof form for your approval, outlining the goals of the City of Hope, the work accomplished at the hospital, and the goal of the Teamsters' International Union. Also at that time I will have, as per our conversation in your suite the day after the dinner, a drawing or blueprint of the project that will be endowed by the Teamsters at the City of Hope. In addition, I will bring with me the twenty-five leather-bound copies of the journal, as per my promise.

I have recently sent off one dozen journals, one dozen programs, and two dozen pens to your home in Seattle, and have sent the same quantities of the above mentioned items to your office in Washington.

Acting upon your suggestion, we have deposited the money from the St. Louis Herald Gibbons' dinner into the Teamsters' International City of Hope Committee bank account here in Los Angeles. Incidentally, for your information, the three signatories on that account are John M. Annand, John Kannerd and Thomas L. Pitts.

It has been a distinct pleasure working with the various leaders of your International on the west coast. We have received nothing but the best cooperation from them. They were, in the main, responsible for the successful effort of this affair.

If there is anything we can ever do, will you please feel free to call upon us. Also, if you want additional books, programs or pens, we will be most happy to send them to you if you will drop us a line.

Dear Brother Mohn:

By this time you must have been informed that the Beck dinner was an outstanding success.

Enclosed is a copy of a letter that I sent to General President Beck, which will bring you up to date as to the results of the dinner.

Under separate cover I am sending you a couple of copies of the program and the book, and some souvenir pens that were given out to each guest at the dinner.

The last time I talked to you on the telephone you promised me you would come in, and I for one as well as many of the official family of the Joint Council were very disappointed that you could not make it. In the final analysis it was you and Tommy Pitts who were more responsible for this affair than anyone else.

I, personally, cannot thank you enough for what you have done. One of these days when I can kidnap you and take you out to the hospital, I think you will receive your thanks from the patients themselves. In the meantime please let me know if you are coming out West during the Christmas holidays or in the foreseeable future, because I would like to sit down with you for about an hour and discuss a few things over lunch or at your leisure. If not, of course, I will see you in February. May I ask you to reserve an hour for me during that time.

If there is anything you want additionally in the way of programs, pens, or souvenir journals, please let me know. For that matter, if there is anything I can ever do, please feel free to call upon me.

Sincerely and fraternally,

ALL PROCEEDS TO THE CITY OF HOPE

A Tribute to Dave Beck

Labor and management have joined together in this testimonial to honor Dave Beck, General President of the International Union of Teamsters, Chauffeurs, Warehousemen and Helpers, for his outstanding achievements in the field of humanitarian endeavors. It is indeed an appropriate occasion for our guest of honor, who has just celebrated his first birthday as General President of the Teamsters International. He has also recently been elected to the Executive Council of the American Federation of Labor.

The position and the status achieved by Mr. Beck and the honors that have been heaped upon him are more than well earned. As an idealistic young man he showed those qualities of leadership—integrity, ability and intelligence—which made his fellow members choose him to lead them in their struggle for better working and living conditions.

Throughout his years, he has given a full measure of devotion and loyalty to the interest and welfare of his fellow workers. From that day in 1916, when he started as a laundry wagon driver, to the present, Mr. Beck has never deviated from the ideals of his youth. Liberalism, humanitarianism and concern for his fellow man are the keystones of his philosophy of life. Here indeed is a "labor statesman," and his presence has been welcomed as a source of giving public expression to the common and affection in which he is generally held.

It is typical of Mr. Beck that he accepted this testimonial only on condition that some concrete good would accrue to sick and needy people. The entire proceeds of this dinner will be donated to the CITY OF HOPE.

THE CITY OF HOPE, a free, non-sectarian, national medical center, has received the support of organized labor throughout the 40 years of its existence. Originally founded to provide for the care of victims of tuberculosis, it is expanding its facilities to treat all major diseases. As part of this program it recently opened the first all-free cancer hospital under philanthropic auspices in the United States. Thousands of trade unionists have been restored to normal health by the CITY OF HOPE without paying one cent for treatment, and the proceeds of this testimonial will be utilized in furtherance of this life saving work.

The "Torch of Hope," which is awarded annually to outstanding citizens of America, will be presented to the President of the Teamsters' Union at a dinner to be held at the Ambassador Hotel on Thursday, November 12, 1931, in recognition of his contribution to our national prosperity. Dave Beck has been a strong friend of the CITY OF HOPE.

Dear Sir:

The City of Hope is honoring our general president, Dave Beck, with a testimonial dinner on the night of November 12, 1953, at the Ambassador Hotel in Los Angeles.

In conjunction with the dinner we are putting out a souvenir journal. This journal will pay tribute to our leader for his outstanding public service and humanitarianism, as well as public service rendered the community by our Union. In addition, this journal will hail the enlightened stand of labor and management as it is enjoyed between us today.

We know that Mr. Beck would be greatly honored if you were to send felicitations to him on the occasion of this dinner. We, too, would feel greatly honored to have a picture of you accompanying your message so that we may include both in the journal.

The City of Hope, as you know, is a free, non-sectarian, national medical center, devoted to a five-pronged assault on major catastrophic diseases -- tuberculosis, cancer, leukemia, Hodgkin's disease, and heart ailments amenable to surgery. In addition, the largest research center for cancer on the west coast is maintained at the hospital.

All funds raised from this dinner will be turned over to President Beck the night of the dinner, who will in turn present them to the City of Hope. We would appreciate such a greeting at your earliest convenience for inclusion in the journal. The deadline for such material is October 30th.

Thank you very much.

Sincerely yours,

Raymond F. Leheney

Dear Ray:

This afternoon when I talked with you in the hall of our building in regards to the testimonial dinner being given for General President Beck, I did not realize that time is quite as short as it is and in settling some of the matters concerning this dinner, the following items are still unsettled and important to development of this program:

1. Letters of greeting--these to come from President Meany of the American Federation of Labor, President Eisenhower and others of which I believe you have a complete list. On this matter, a suggestive letter was presented to you by Sam Moskowitz, which requested from the parties pictures and greetings to be used on the occasion of this dinner.
2. I understand that you were to aid in the development of the lists of guests, both from a national standpoint and locally. This concerns representatives of public life, some probable close associates of General President Beck, political figures and industrialists.

To: Raymond F. Leheney
Date: October 15, 1953

Page 2.

3. Your office was to provide a picture of General President Beck, which is to be used on the front of the souvenir journal, the program and in connection with the biography.
4. Shourt was instructed by your office to supply the story of the International Brotherhood of Teamsters. This, to date, is not available.
5. At this stage, entertainment is still up in the air as far as we know in this office. If you have completed arrangements for entertainment or done any work in this direction, we would like to be advised so that we won't find ourselves at the last minute lacking in quality of entertainment, and so that we will have some knowledge of cost.

I know that you are extremely busy but at the same time, I am aware that you want to develop this testimonial dinner for General President Beck to the highest degree of perfection possible. In order for us who are charged with some responsibility in this instance to accomplish this high degree of perfection, we must have immediate information on these matters so that this work can be geared with many other problems of the dinner.

Your prompt attention and early reply will be appreciated.

To all Local Unions and Joint Councils in the
International Brotherhood of Teamsters

Dear Sir and Brother:

The sending of this letter is prompted after a review of plans as regards the dinner being given for me by the CITY OF HOPE on November 12, 1963, at Los Angeles. It has always been my policy never to permit my name to be used for any purpose that could possibly be considered as commercial or which might impose pressure on anyone associated with me by virtue of my union affiliation.

It is my very earnest desire that the dinner at Los Angeles be an outstanding success. This wish is prompted, not because of any honor to be accorded me, but because the most careful investigation discloses that the CITY OF HOPE, in the operation of its hospital in Southern California, is entitled to the highest degree of cooperation from all those who desire to help humanity. Their administration is in accordance with every principle that we, in Labor, support.

I will be delighted, of course, if a large sum is raised in behalf of this worthwhile work. If that were not so, I would not have been willing that my name be used. Many men, much more prominent than I and who have accomplished much more for community welfare and our government, have associated their names with this great organization.

No local union, joint council, associate or any business man, is expected to contribute to the CITY OF HOPE and this dinner unless he does so only because of the worthwhile work of the CITY OF HOPE. I want to emphasize that small donations are as acceptable as large ones. It is not the amount that is given but the fact that a contribution is made. In many instances, it is much easier for a large, financially powerful organization to make a large contribution than it is for a less affluent organization to make a small contribution.

It was with considerable hesitation that I decided to write this letter. I do so simply because I want no misunderstanding of any kind. It is to be emphasized that nothing is to be given because the dinner honors me. I am but the symbol of this International Union and whatever is given must be contributed entirely for the fact that the great organization to which it is directed is operated for charity and public welfare and that it is, therefore, entitled to such support.

With sincere good wishes, I am

Fraternaly yours,

Mr. Thomas L. Pitts
846 S. Union Avenue,
Los Angeles, California

Dear Sir and Brother:

I am very much disturbed at continuing reports I receive, that the dinner to be given me by the City of Hope is being used to solicit funds other than on a purely voluntary basis within the immediate vicinity of Los Angeles.

You know, that for a period of years I withheld participation on my part in this dinner until I was certain that the cause of the dinner was justified, and that it would not be used in the slightest degree to create embarrassment either for myself, our International Union or my friends and associates, through the avenue of appeal for funds.

I, of course, want it to be a great outstanding success, but I want people to attend and understand why they are subscribing to it and not in any sense feel they are making a contribution to the purchase of tickets based on any motive that could be considered as influence coming from me, our International Union or local unions. In plain language I would not want any employer, public official or anyone else after this dinner is held to be asking statements at their clubs, their places of business or to the newspaper people that they had been sand-bagged.

During my entire lifetime in Labor I have carefully guarded against such a situation, and now with the office of General President always a matter of concern, I must be doubly careful. I cannot, and I will not in the slightest degree, be a party to any such influence.

I have made many thousands of friends inside Labor, business and in public life, and I would not infringe upon that friendship or destroy its value to our International Union and our affiliated membership, to raise money regardless of how meritorious the cause.

Mr. Pitts
October 9, 1953
Page -2-

We have over one hundred thousand Teamster members in Southern California. There are many hundreds of thousands more affiliated with legal unions associated with us in the cause of Labor, directly adjacent to Los Angeles. We have hundreds and thousands of employers who can be personally solicited on the basis of the cause that the City of Hope represents. I want to emphasize that we will not under any conditions solicit a single contribution for the purchase of tickets, whether or not it honors me, if they do not do so with a purely voluntary action and because they believe in the City of Hope.

I want to further emphasize that in my judgment, the City of Hope must not get overzealous or over reach in their efforts to secure finances, because their program is a large one. If they are intelligent and smart, and look down the road for a long pull, they must realize that dinners are being held from time to time all over the United States and they should not be duplicating approaches to business and labor people.

You will recall they just gave a dinner for Herold Gibbons in St. Louis and timed it so coincided with the A. F. of L. Convention. I was invited and so were many others from Labor. Just the other night in Los Angeles a dinner was given honoring Hilton, and I am fearful that they are reaching out too far and too fast, regardless of their cause. In other words, we must be careful of duplicate solicitation due to the St. Louis and Hilton dinners.

In my opinion, it is inconsistent for me to be a party to an approach to business people removed by any distance from Los Angeles, that by virtue of such distance would not be able to attend the dinner, or if they did would cause them undue inconvenience and excessive expense.

I trust that a committee is working constantly and will do so from now until this dinner is held, directing their attention overwhelmingly to Labor that believes in the City of Hope. Honoring me is simply incidental thereto.

After all, let us realize, that if the purpose in honoring me is not an actual fact, then I am simply being used as an asset to accomplish an objective. This, indeed, would be a very dubious honor.

I have asked John Ammend, by wire, to hold a meeting with our Joint Council and others who may be active in this campaign. At this meeting, give undivided attention to the subject matter of the dinner and all phases of it as outlined in the letter, finally adopting a program for the next 30 days that will insure success with no bad after effects.

Dear Brother Mohn:

Enclosed is the list of ads taken to date by states, as you requested in our phone conversation yesterday.

Also enclosed are five letters that were sent to you originally on the dinner as the result of your first letter. Also enclosed is a suggested follow up letter.

Regarding this latter letter, I did not know how strong to make it and would appreciate your strengthening it wherever you feel it is necessary. This is one letter that I really would like to see you rewrite. As soon as you send it back I will speed it on its way.

I talked to Tom Pitts about fifteen minutes ago and he will call Jimmy Hoffa tomorrow morning. I am due in San Francisco tomorrow to sit down with the California Truckers Association -- Dutch Woxberg, Joe Diviny, Ted Merrill and Paul Jones -- and will inform you of the results of that conference just as soon as I return to Los Angeles.

Re the tickets for the dinner, I will send you as many as you think you need, or will hold them here pending your arrival.

We are not filling any ticket requests until we hear from you on the number of people to be invited nationally and the amount of tickets it will take to cover this group. It would be most embarrassing to find that we will not have enough tickets to cover the guests and V.I.P.'s to be invited.

Thank you for everything. Best regards.

Greetings:

Some time ago I sent you a letter asking for your participation in the souvenir journal being issued in conjunction with the Dave Beck testimonial dinner on the night of November 12, 1953, in Los Angeles. This dinner, as you know, is being given our general president, Dave Beck, by the City of Hope, at which time they will present him with their Torch of Hope award.

This is a great honor for us, as this event will honor every Teamster Union in the country, as well as General President Beck. It epitomizes the humanitarian work that every Teamster does in his own community.

I therefore would like to urge that if you have not already sent back your request for greetings to our general president in the testimonial journal that you do so immediately. If you do not have the original contracts that were sent you, enclosed is another one with a return envelope.

There is a printing deadline of October 30th to be met, so that the book can be issued in time for the dinner. Therefore, all ads must be in the hands of the committee by that day.

Also, if you intend attending the dinner, will you please return your reservation card at your earliest convenience, as the seats for the dinner are limited and will be sold to the earliest reservationists.

Thank you.

Sincerely and fraternally,

Einar Mohn, Assistant to the President
International Brotherhood of Teamsters

P.S. If you have already sent in your ad, please disregard this letter.

Thank you for your letter of September 15, 1953 concerning the Testimonial Dinner in honor of the General President. We understand fully the problems with which you have been faced, and the valiant efforts you have been making. You understand, I am sure, that there was no thought of compulsion in asking the Local Unions to contribute to the City of Hope Dinner, and your gesture in mailing requests to the employers in your area is deeply appreciated. Dear Sir and Brother:

In regards to your communication of August 26, 1953, wish to explain why we are unable to contribute to the "Dave Beck Testimonial Dinner on Behalf of the City of Hope".

Since October 1949 we have maintained a picket line at the Sutherland Lumber Company here in E. St. Louis, Illinois which up to the present time has cost us approximately \$30,000. This Company operates a chain of lumber yards in the following cities, Omaha, Nebraska, Des Moines, Iowa, Ottumwa, Iowa, Oklahoma City, Oklahoma, Kansas City, Mo., and St. Joseph, Mo., on a "cash and carry" basis and are NON-UNION in all their operations.

When they located here in E. St. Louis we immediately contacted them in an attempt to organize the yardmen and warehousemen and were told in definite terms by the manager that they operated strictly NON-UNION; all employees were imported from areas in other States where they do business.

On their refusal to recognize Local 729 we immediately established a picket line and have been picketing continuously during business hours since October 1949. In June 1951 we contacted Brother Thomas Flynn (who at that time was Acting for President Tobin) and Brother Flynn in turn arranged a meeting in Kansas City, Mo., with Organizer Thirion and all Business Representatives from the cities where Sutherland Lumber operates and they all agreed to place picket lines at their respective yards but understand this only lasted a few months. We noted in one of the latest Teamster Magazine where President Beck stated, "any Local fight is all Locals fight", but it seems Local No. 729 has been fighting alone.

"Demand the Union Button"

Mr. Einar Mohn--Cont.

On June 15, 1953 the full time Officers of Local No. 729 were served with a Summons to appear in Circuit Court to answer the complaint of Sutherland Lumber Company on a temporary writ of injunction to refrain from picketing their business, and at the present time we are awaiting the decision of the Judge. Brother Flynn was in St. Louis during the time we were in Court and he was informed of all proceedings of the trial and a copy of the Attorney's Brief was mailed him.

Due to the heavy expenses we have had in "fighting" this NON-UNION Company we feel we are unable to make a donation to the City of Hope at this time, however, we did mail requests for donations to the City of Hope to approximately three hundred of our Employers here in E. St. Louis and as a result have received several liberal donations.

At our last regular meeting held on Friday September 11, 1953
at Gary Indiana, the following resolution was passed and concurred in
unanimously:

WHEREAS: The City of Hope is a well-known hospital, which has for some
years rendered both hospital care and medical treatment for
such major catastrophic diseases as cancer, tuberculosis and
leukemia, at no cost to the patient, regardless of race, color
or nationality; and

WHEREAS: more than 50 Union Teamsters from all over the country already
have received treatment at the City of Hope and a number of
our members are now receiving this care at this splendid
institution; and

WHEREAS: The City of Hope, as a token of gratitude for his help in the
past years, has announced that it will tender a testimonial
dinner in honor of our General President, Dave Beck, in the
Embassy Room of the Ambassador Hotel in Los Angeles, on
November 12, 1953; be it therefore

RESOLVED: That Local Union No. 142 go on record as favoring the prin-
ciples and objectives of the City of Hope in carrying out
its wonderful humanitarian work; and, be it further

RESOLVED: That Local Union No. 142 take such action with respect to
granting financial assistance to the City of Hope as they
shall deem proper and fitting; and, be it further

RESOLVED: That Local Union No. 142 participate in every possible way
in the Dave Beck testimonial dinner.

Dear Sir and Brother:

I am in receipt of a letter dated August 26, 1959 from Mr. Einer O. Mohn, Assistant to the General President in reference to the testimonial dinner of November 12 honoring our General President, Brother Dave Beck, to be held at the Ambassador Hotel in Los Angeles. I am very sorry that I will be unable to attend this dinner.

I want to say that Local #577 is a very small local and at this time we do not see how we could make a contribution to the City of Hope. I know that this is a wonderful cause and I will assure you that this local union will contribute if and when it is financially able. I know of no better cause than to make a contribution to this City of Hope that has done so much for not only our members but other people as well. With kindest personal regards I am

Dear Sir and Brother:

This will acknowledge receipt of your letter of August 26th and you are to be congratulated for your dinner could not honor a more worthy man, nor be for a better cause.

However, the American Federation of Musicians has donated thousands of dollars' worth of services every year to the City of Hope. While I would be very glad to do anything for our good friend, Dave Beck, to do anything further for this one organization would mean going away over our heads, and I am sure Dave will understand our position.

The City of Hope is certainly a worthy cause, but we feel we are doing our share for them and want to spread the small amount of money we have to donate to charity among some equally worthy organizations.

With best wishes, I am

Fraternally yours,

Dear Einar:

Re. City of Hope dinner to
General President Beek.

Herewith material from Sam Moskowitz which you will need for
Wednesday's discussions with Moskowitz, Gordon and Pitts,
regarding the City of Hope Dinner. Now that Mr. Beek is Vice
President of the American Federation of Labor, it might be well
to reconsider the decision eliminating the Executive Council
as sponsors of the City of Hope Dinner. There is every reason
now for that group to join in espousing a dinner to the new
Thirteenth Vice President.

Sincerely,

GW:b

Guy Williams.

Dear Einar:

Herewith material from
Sam Moskovitz which you
will need for Wednesday's
~~and~~ discussion with
Moskovitz, Gordon and Pitta.
~~regarding the City of Hope Dinner~~
Now that Mr. Beck is
V-P, AFL, it might be well
to reconsider the decision
eliminating the Executive
Council as sponsors of
the City of Hope Dinner. There
is every reason now for
that group to join in sponsoring
a dinner to the new 1954 V-P.

Sincerely,

Guy W. Quinn
